## ACADEMIC EXPERIENCE

---

**Associate Professor of Management (2020-Present)**

**Assistant Professor of Management (2015-2020)**

University of Montana College of Business (UM COB)

*People, Process, and Technology II (BGEN 342); UG three credit core requirement*

- Course description: This course is the second in the people, process, and technology sequence. Our goals are to explore and develop our understanding of how business leaders can foster an agile organization, identify tools and techniques to effectively lead organizational change, and equip ourselves to be confident, ethical technology users and decision makers.

## **ACADEMIC EXPERIENCE, cont.**

---

### *Leading Teams and Conflict Management (BMGT 444); UG three credit mgmt. major requirement*

- Course description: This course teaches students essential skills in written, verbal, non-verbal, visual, and persuasive communication, building and equipping effective teams, providing coaching and feedback, relationship-building, and conflict management, mediation, and negotiation. There is an emphasis on skills practice through role play, simulations, and real-life applications.

### *Organizational Behavior (BMGT 640); MBA core requirement*

- Course description: Our goals are to understand and apply the adaptive leadership approach to addressing thorny problems in business organizations, develop our skills in crafting effective career networks, motivating employees and teams, fostering adaptive and agile organizational culture, and identifying and addressing conflict and inequality.

### *Human Resources Management (BMGT 329/645); UG and MBA elective*

- Course description: The role of human resource management is a crucial (and often misunderstood) part of an overall organizational strategy. This course is designed to help unravel the complexities of human resources within an organization and to help students understand the environment within which HRM occurs. A working knowledge of selection, training, assessment, and compensation tools and strategies are of relevance to the job seeker and will be addressed heavily in this course.

### *Diversity, Equity, and Inclusion: Creating an Inclusive Organization (BGEN 491/645); UG and MBA one credit elective and non-credit digital badge for professionals*

- Course description: This course is the third section of the AAST/WGSS/BGEN Diversity, Equity, and Inclusion sequence. Our goals are to explore and develop our understanding of discrimination and marginalization in our business institutions in the United States, identify causes and practical solutions, and equip ourselves to be the change agents who implement diversity, equity, and inclusion in the organizations where we work.

### *Conflict Management (BMGT 645); MBA elective*

- Course description: For many of us, workplace conflicts are one of the most stressful aspects of our jobs. They can make us feel frustrated, angry, and anxious. Because of these feelings, many of us choose (consciously or unconsciously) to avoid addressing conflicts when they arise. The purpose of this course is to provide tools and develop skills in effective conflict management. We look forward to working with you during this weekend elective. Please feel free to contact us with any questions.

### *Social Network Theory and Analysis in Environmental Governance*

- PhD-level course offered to doctoral students and post-doctoral fellows participating in the NSF EPSCoR Track 2 Grant: Resilience Informatics for the convergence of critical capacities to address regional-scale environmental change. Fall 2020

### *Social Network Theoretical Foundations*

- Summer workshop offered to doctoral students, post-doctoral fellows, and faculty participating in the social science aspects of the NSF EPSCoR Track 2 Grant: Resilience Informatics for the convergence of critical capacities to address regional-scale environmental change. Summer 2020

## **ACADEMIC EXPERIENCE, cont.**

---

*Management and Organizational Behavior (BMGT 340); past UG core requirement*

- Spring 2016 – Spring 2021
- This course draws on insights from theory and practice to better understand how and why people think, feel, and act in organizational settings. A key objective of this course is to help students become more skilled at managing the many interpersonal challenges of the workplace.

*Retail Management (BMGT 491); past UG elective*

- Spring 2018
- Survey course on Retail Management, with a focus on product development, merchandising, planning, sourcing, in-store execution, and assortment analysis.

### **Post-doctoral Research Fellow (2014-2015)**

LINKS International Center for Research on Social Networks in Business, University of Kentucky

### **Course Instructor (2012-2015)**

*MBA & UG Negotiations and Conflict Resolution (MGT 612/450, University of Kentucky).*

*Organizational Behavior (MGT 410, University of Kentucky).*

*Principles of Management (MGT 301, University of Kentucky).*

### **Workshop Instructor**

*Links Center Workshop on Social Network Analysis (University of Kentucky) – A one-week intensive workshop on social network analysis methodology. The workshop is attended by faculty members, graduate students, and practitioners from a variety of disciplines.*
